Board Approves Plans for New Schools Here

High schools were one of the main topics of discussion at the Torrance Board of Education meeting Tuesday night, with plans made for purchase of a site for a fourth high school and additions to two existing plants.

The board also made application for \$1,781,574 from the state building funds for construction of Magruder, Hamilton, and Columbia Elementary Schools.

Proceedings Begin
The board officially started condemnation proceedings on a 40-acre site between Henrietta and Victor Sts. and between Del Amo Blvd. and Spencer St. This will be used as the site of West High School, scheduled for construction in two or three years. It will be the city's fourth high school.

Plans for the second unit at South High, which isn't yet complete, were approved by the board and authorization was given to advertise for bids. The unit will include a gymnasium, two wings of classrooms, and improvement on the site. It will cost about \$1,000,000.

Preliminary drawings for the fourth unit of construction at North High School also were approved, with work on the final drawings authorized. This unit, also to cost about \$1,000,000, will include a football stadium, classrooms, and additions to the library, shop, and administration building.

Of the elementary schools for which funds were sought, Magruder School will be located near 186th and Amie Ave., Hamilton will be near 182nd and Ardath Ave., and Columbia School will be on the old El Nido site. Columbia School will be used exclusively for handicapped children, and children now attending El Nido School will go to Magruder School.

High School Schedule for 1st Day Told

Freshmen at the city's three high schools will report a day early for orientation lectures, while the upperclassmen will show up on Thursday, Sept. 12, according to Superintendent J. H. Hull.

Orientation day at the three schools will be held Wednesday, with South High students reporting at Torrance High at 9 a.m. and Torrance and North High students to meet at their respective schools at 1 p.m.

Schedules for the opening day of school for all students are as follows:
South High, 2005 Martina Ave.—All students will be transported to school, according to the bus schedule published elsewhere in the paper. Individual program cards will be given out at 7:45 a.m. and new students not previously enrolled will report to Room "D." Lunches will be served.

North High, 3820 W. 182nd St.—North High senior, students who are out for athletics, and all students who ride school buses will report for class program cards at 7:40 a.m. All other students (who will attend classes during periods 2 through 7) are to report for their cards at 8:20 a.m. Posted signs will give necessary directions. Lunch will be served in the cafeteria.

Torrance High, 2200 W. Carson St.—All students will report at 7:40 a.m. and will receive class program cards at various points as indicated by alphabetical lists. Seniors will find lists in the senior patio; juniors in the sunken garden; and sophomores in the science patio. The cafeteria will serve lunch.

People who can easily pay any price say:

"Pay more... what for? Ford's the buy!"

Why? Because this 1957 Ford gives you the advanced features, the solid ride, the effortless handling that you once expected to find only in expensive cars. And when it comes to looks, where can you find fresher styling than in the sculptured-in-steel lines of this new Ford?

Ford's superiority is evident in many places. In the vital rear axle, the pinion gear that turns the rear wheels is straddle-mounted... supported between two anti-friction bearings instead of being "overhung" from a single bearing. This makes operation quieter, smoother and longer-lasting. It's a feature that Ford shares with only one other car maker in the world—Rolls Royce.

Or consider Ford's famous V-8 engine. No other manufacturer in the industry today electronically balances every V-8 engine, while operating under its own power, the way that Ford does. This means you get a smoother-running engine—the finest V-8 in Ford's 25 years of V-8 leadership.

These are only a few of the important hidden values that are yours in Ford. But they indicate why so many people who can pay almost any price for a car—people who have driven expensive cars for years—are buying Ford today. Action Test this great performing car at your Ford Dealer's just once and you, too, will ask, "Pay more... what for?"

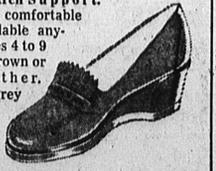

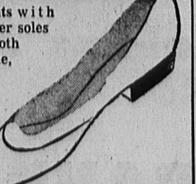

YOU CAN SPEND HUNDREDS MORE... BUT YOU CAN'T BUY BETTER THAN THE NEW KIND OF FORD
